RE: Cover board price breakdown

Dear Mr. Pollard,

The cover board option has 3 systems that meet code, and the most cost effective one is FL Building Code system S-21 which adds a 3/8" Securock cover board to the assembly over the Iso insulation. All other system components remain the same. The additional cost for this system is \$ 8,900.00.

The cost breakdown is as follows:

- | | |
|----------------------------------|-------------|
| 1. 3/8" Securock | \$ 6,600.00 |
| 2. Increase Fasteners to 3" long | \$ 450.00 |
| 3. Labor for Cover Board | \$ 1,850.00 |

Please let me know when this is approved and we will prepare to mobilize for the project. Please contact me if you have any questions or concerns.

Thanks.

Sincerely,

Ken Brown
