

NOTIFICATION OF RANKING

March 12, 2014

RE: RFQ 140103 Professional Engineering Services - City Projects

The City of Leesburg Evaluation committee has come to a consensus on the final ranking of firms responding to Request for Qualifications 130633. The final ranking is as follows:

Rank	Firm Name
1st	Hydro Solutions
2st	Booth, Ern, Straughan & Hiott (BESH)

A technical evaluation committee has completed their evaluation of the submissions in accordance with the evaluation elements (criteria) detailed in Section 4 of the RFQ. The results of those evaluations are attached.

For each response evaluated, numerical scores assigned by each evaluator were converted to a ranking. The rankings for each firm were totaled and then converted to an overall ordinal score. Each firm was then assigned an overall ranking based on the ordinal score. Using this method has proven to minimize the effects of large variances in any one evaluator's scoring.

In that Hydro Solutions has been identified as the highest ranked firm; the City will now seek to establish a Water Disinfection System Design Professional Services agreement with this firm.

The City extends sincere thank you to all participating firms for their time and interest in this project. All questions or request for information regarding this solicitation should be directed to terry.pollard@leesburgflorida.gov.

Respectfully,

Mike Thornton
