RE: Leesburg International Airport  
Extend Runway 31 & Partial Parallel Taxiway "A"  
City of Leesburg Bid No. 90261  
**RECOMMENDATION OF AWARD**

Dear Charlie:

Hanson Professional Services Inc. has completed the tabulation and analysis of bids received May 28, 2009 for the referenced project. The certified tabulation accompanies this letter. Briefly, the low bidder for Extend Runway 31 & Partial Parallel Taxiway "A" work is Pospiech Contracting, Inc., Florida Contractor License No. CGC 057892 with a total bid amount of \$1,895,613.70. The bid was regular and responsive.

We recommend award to Pospiech Contracting, Inc., contingent on the following:

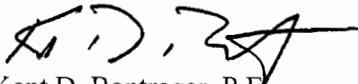

- Receipt of FAA Funding through the American Recovery and Reinvestment Act (ARRA)
- Receipt of SJRWMD Permit

The project grant costs also reflect wetland mitigation credits that must be acquired and that are FAA eligible. These are estimated to be \$2,185,003.50.

We recommend that the bid bonds for both Pospiech Contracting, Inc. and for the second low bidder, Hewitt Contracting Company, Inc be held until the project is awarded and the low bidder executes the contract for the work with the City and supplies all necessary bonds and insurance. All other bid bonds may be returned. The contract award and execution should not occur until federal funding in the form of an ARRA Grant is secured, and permits are assured.

Hanson Professional Services Inc. is pleased to be of continuing professional service on this project. Please contact me if there are any questions.

Sincerely yours,  
**HANSON PROFESSIONAL SERVICES INC.**

  
Kent D. Bontrager, P.E.  
Project Manager
